It is Important to Place ...Your Orders Early

First. To secure the varieties of Bulbs and Plants you wish to have.
Secondly. To take advantage of the earlier prices in case crops, from whatever cause, should prove deficient, when an advance in price must eventually follow.

I FURNISH BULBS OF GOOD QUALITY

Last year I supplied a Public Park with 84,000 Bulbs. The flowering quality of every Bulb was carefully noted, with the following results: Out of 84,000 Bulbs and Roots, including 5,000 Joosten's Excelsior Berlin Pips Lily-of-the-Valley, only one per hundred failed to give satisfaction.

Hyacinths, Tulips and Narcissus, etc., were pronounced	First-class
Lily-of-the-Valley Pips, Joosten's Excelsior	First-class
Roman Hyacinths	First-class
Lilium Longiflorum	First-class
Lilium Speciosum, Album and Rubrum	First-class
Spiraea Japonica	First-class

The above statement I certify to be based on facts, proof thereof being in my possession, and open for inspection to those interested.

... A CASH DISCOUNT IS ...

A Profit Made Before the Goods are Sold.

REMEMBER THE SAME

To patrons unknown to me, I will allow a **Special Discount of 5 per cent** if full amount purchased is forwarded with the order.

To my old patrons I will allow the same if bills are settled for in full within **30 days** from date of shipment. Money is thus also saved on duty, as the discount applies to the entire amount of the bill, including duty.

REMEMBER THE SAME

GOODS A NO. 1. PRICES ROCK BOTTOM. MONEY SAVED.

C. H. JOOSTEN, Importer,

193 Greenwich St., NEW YORK.

CONDENSED INFORMATION

1. Goods delivered free on board cars or steamboat.

2. Import orders should not be sent later than July 15, in order to secure the selections called for. **THEREFORE, ORDER EARLY.**

3. TERMS OF PAYMENT:

To responsible customers.—All bills for fall bulbs are due on January 1. Five per cent discount allowed for cash in 10 days. Accounts remaining unpaid on January 15 are subject to sight draft without notice.

To correspondents unknown to me, my terms are **one-third cash with the order, balance C. O. D., with a discount of 5 per cent on the full amount of the bill.** These terms will be modified by satisfactory references, or on approved security being offered.

4. All bills must be paid in gold or its equivalent.

5. Send shipping directions with your order.

6. Claims for short count not considered unless made within five days after receiving the goods.

7. Count your bulbs and plants as soon as received.

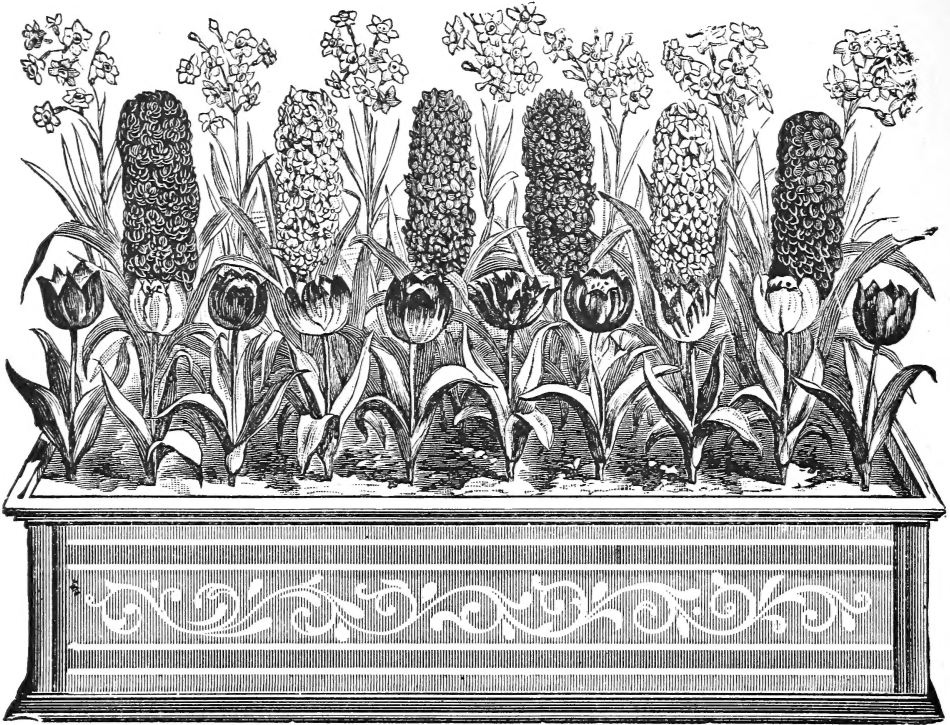

8. I shall keep a large stock of bulbs on hand during the season.

9. As heretofore, I will supply good stock, but I will not assume any responsibility for the results of the flowering of the bulbs and plants sold by me, as these may depend upon the manner of cultivation, or want of proper care on the part of the grower, or other causes beyond my control.

10. New accounts will not be opened with customers who are indebted for bills overdue, unless such bills are paid or satisfactorily settled before July 1st.

11. **SPECIAL NOTICE.**—I will not be responsible for any losses or damages resulting from non-delivery or delay in delivery of bulbs and plants sold by me, if such delays are caused by circumstances beyond my control, such as the acts of God, the elements, epidemics, war, the quarantine laws enacted by the Government of the United States or foreign potentates, and the like, and all orders entrusted to me or my agents are understood to be subject to the above exceptions and conditions.

 The placing of orders for bulbs or plants implies the consent of the purchaser to be governed by the above rules and regulations.

SINGLE MINIATURE or DUTCH ROMAN HYACINTHS.

Very useful for cheap cut-flowers. If planted immediately after arrival, they may be had in bloom about January. These are selected from the very early forcing varieties.

Price, 40 cts. per doz., \$1.50 per 100, \$12 per 1,000.

IN SEPARATE COLORS.

Red and Dark Red	Pure White	Light Blue
Rose and Pink	Blush White	Dark Blue

NAMED HYACINTHS.

Extra Selection, First Size. All good for forcing, as well as for pot-culture, or in glasses, for the parlor and conservatory. This class represents the best varieties of picked Bulbs grown in Holland.

Extra, Second Size. Best trade varieties. Especially recommended for forcing, as well as for bedding in masses where special colored designs are required. In quality equal to the best and largest size bulbs, they are much lower in price.

Single Hyacinths are Best for Forcing.

Prices at my selection of sorts. If on hand, varieties desired by purchaser will be sent.

LILIES FOR FORCING.

The *Lilium Harrisii* (Bermuda Easter Lily) and *L. Longiflorum* offered by me have been grown on new soil, are free from disease, and sizes sold will measure fully one-half inch larger than the usual trade sizes catalogued. In view of the large quantities of diseased bulbs exported from Bermuda, I have been very particular to procure for my customers the best quality obtainable, and have spared neither expense nor care to accomplish this object.

AZALEA INDICA.

The yearly increasing demand from my customers has necessitated a large increase of the culture of *Azalea Indica*, and this year I have a grand selection, containing over seventy thousand plants, thus enabling me to offer special inducements to my friends and patrons to place their orders with me. *Azalea Indica* are never kept in stock by me, but only sold on import orders, October delivery. It is of great importance to place your orders early in the summer, in order to procure the varieties desired. Only the leading and most desirable sorts have been cultivated, such as command a commercial value to the grower. Orders for Azaleas will be filled from the varieties named. As far as possible, the sorts selected by my customers will be furnished, but I shall retain the privilege to substitute other equally good varieties to complete the order, if the sorts called for are sold out. Orders will be filled in rotation—"first come, first served."

Azalea Indica.

It will, therefore, be to the interest of intending buyers to order early. At the prices stated, the plants will be delivered in New York, including all expenses for ocean freight, shipping charges, insurance, custom-house entry, duties, etc. This avoids for my customers all the annoyance and delay of importing.

Put up in lots of 50, 100, or more.

ORNAMENTAL PLANTS.

ROSES and OTHER ORNAMENTAL PLANTS for Forcing and Open Ground, Fall and Spring Delivery.

SPECIAL NOTICE.—Florists and Nurserymen desiring to import for their Fall and Spring Trade are requested to forward their orders to me during the fall season, or before September 15, so that varieties desired may be supplied, and in good season.

ROSES.

Among the thousands of varieties of Hybrid Roses, only a very limited number possess a commercial value for the florist and nurseryman.

I offer the following very select list of Hardy Hybrid Perpetual Dwarf Roses, which have been approved by prominent and leading men in the trade as comprising the very best varieties for trade purposes.

The plants of the Boskoop Nursery Association, offered by me for many years, have, by their strength and good quality, won the confidence of American florists, and many prominent firms will corroborate my statement.

AMERICAN ROSES.

Two-year, Field-grown on Own Roots.

In order to meet the increasing demand for Roses on Own Roots, I have growing especially for my trade a limited quantity of the best sorts, and offer them, subject to being unsold, for Fall or Spring delivery. Orders should reach me before September 15.

I Submit a Few Testimonials:

A word from an American market-gardener, who has been supplied by me with seeds of the above Cabbage, Cauliflower and other vegetables.

Mr. Jacob Wride, Florist and Market-gardener, of Auburn, N. Y., writes under date of January 26, 1897: "In regard to the Cabbage, **they were the best I ever raised**, and I have been raising Cabbage for 20 years. The average weight was from 12 to 18 pounds, and they **often weighed 25 pounds**. They are good keepers and do not rot, as other kinds often do. The quality was of the best, and the color could not be better. I set 8,000 to try them, and will raise no other this year. (The variety above alluded to is Van Naman's Excelsior Holland Dutch White Cabbage, late, large, round, solid heads.) The Radish seed was also of the best, running true to name and quality. (Radish alluded to, Scarlet White Tip, French Breakfast, Round Spanish, Winter, Non Plus Ultra.) The Cauliflower which you sent me were very fine, and the largest ever grown in this section; they were of the best quality, often being 18 inches a crown, and of solid stump, which most other kinds have not. (Variety of Cauliflower alluded to, Early Erfurt Dwarf.) The Cabbage after heading did not crack, but staid solid and firm until fall. I have some left which are in as good condition as when they were pulled.

Yours truly,

JACOB WRIDE.

Extract from catalogue of Messrs. **A. F. & F. Bray**, Pawtucket, R. I. Mr. Anthony Perry says of this Cabbage: "The best I ever had." **Grows quick, sure to head, large size, and of very fine flavor.**

From Messrs. **Thomas J. Grey & Co.**, Boston, Mass.: "We have placed considerable of Van Naman's Excelsior Dutch Cabbage seed in the hands of the market-gardeners around Boston, and they all report that it has given entire satisfaction. I will say personally that our trade has increased very much, and feel confident that we can dispose of a large amount this coming season. **The people now demand it.** I feel confident that it will fill a long desired want in this market.

Fostite is the Dry Bordeaux Mixture.

Endorsed by Testimonials from all sections of the United States by Fruit-growers and Florists, and in use during a number of years.

FOSTITE is harmless to use, and does not injure the foliage and plants. It is best applied by **JOOSTEN'S MAGAZINE BELLOWS**.

From 80 to 100 lbs. of **FOSTITE**, in four applications during the season, is about the proper quantity required for an acre of Grape Vines.

FOSTITE should be used early and regularly, **TO PREVENT MILDEW and BLACK-ROT.**

DIRECTIONS HOW TO APPLY.

It is best applied during damp weather, when the dew is on the foliage. In the greenhouse it should be applied in sufficient quantity to indicate its presence on the leaves, once or twice per week, until the disease has been checked.

TO MY CANADIAN FRIENDS.

As the Government of the Dominion of Canada has passed a law prohibiting the importation of Plants or Nursery Stock from America, you are requested to place your orders sufficiently in time to import the same from Europe, **for through transportation in Bond**. By combining your orders, the expense of importation can be reduced to the minimum. **In order to save the duty of 25 per cent, IMPORT ORDERS FOR BULBS SHOULD BE PLACED NOW.**

 IF YOU WANT GOOD, HONEST STOCK,
SEND ME YOUR ORDER.
